Budget Margaritas

Amount 2 servings

Ingredients

- 2 cups-ish ice (or snow!)
- 2oz (1/4 cup) fresh-squeezed lime juice
- 2 shots tequila (silver is best)
- big squirt of agave nectar (more to taste)
- dash of lemon juice
- 3-4 blackberries, or a shot of orange juice, or other juice/fruit

Steps

1. Blend everything together for frozen-style margaritas. Alternately, mix together everything but the ice, and add ice to your glass.
2. Pour a layer of salt onto a small plate. Run the edge of a lime wedge over the rim of your glass, and dip the top of the glass into the salt. Add the beverage.
